

# RABBIT RUN

Nestled among rolling hills and a world-class golf course is Steelwood's newest neighborhood – Rabbit Run. These charming cottages sit perfectly atop a ridge overlooking an unspoiled slice of Alabama's pristine countryside. Although you'd never know it, the cottages cleverly disguise two separate units – each with more than 1,350 square feet of living area. An open floor plan offers space perfect for entertaining family and friends, while the traditional back porch invites you to relax in rocking chairs and enjoy the breathtaking scenic view of Steelwood's beautiful 13th hole.

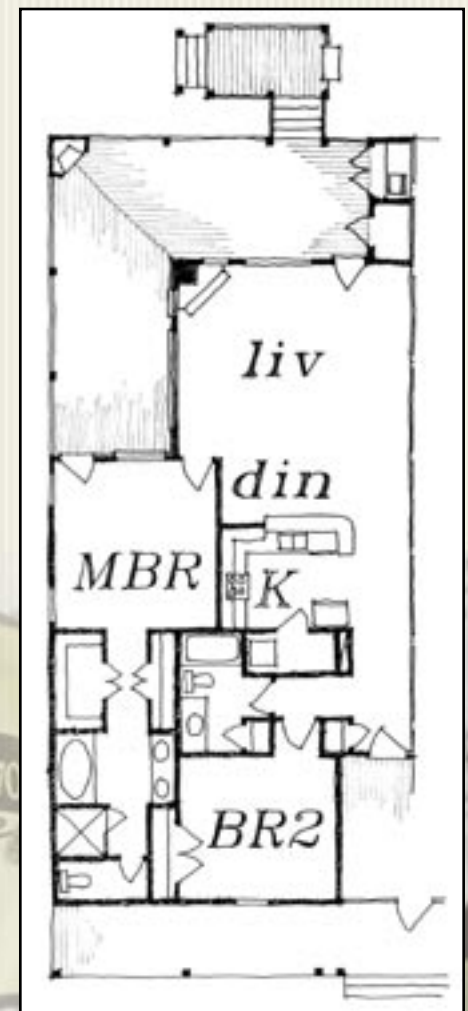

Rabbit Run is the kind of neighborhood where good people and good neighbors who share your sense of community surround you. Steelwood's master plan has created a place where kids can safely explore, play and learn – without security worries. Where you can drop by the Clubhouse and pick up a dinner to go. Or stay and enjoy a 4-star meal overlooking the 200-acre pristine lake. This unique lifestyle combined with Rabbit Run's plush amenities and very livable space, makes it the perfect place to call home.

FRONT ELEVATION
